

*I know it isn't a Christian thing,
but the giving of worth and time
of these workers reflects as Angels of God.
Bringing many blessings of good deeds,
hard labor helping people of need.
There couldn't be anything more Holy
Making someone's life happy and worth living
than the giving of love in such a way.
Builders Care, you are God's Angels.
I know it gives them joy to see the faces of people
that have their homes transformed.
It's a miracle.
Thank You God's Angels.*

-Dorothy Barnhill

Linda Philander (left) and her mother, Dorothy, now volunteer one day a week in the Builders Care office. Builders Care provided over \$20,000 in emergency construction services to this ex-foster mom. Now they are giving back.
